Art Unit: 2624

DETAILED ACTION

Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-9, 38-47, 84-86, 119 and 120, drawn to wavelet processing, classified in class 382, subclass 240.
 - II. Claims 1, 10-25, 39, 48-63 and 84, drawn to denoising, classified in class 382, subclass 275.
 - III. Claims 1, 26-30, 37, 39, 64-67, 74-76, 84 and 87-91, drawn to image enhancement, classified in class 382, subclass 254.
 - IV. Claims 1, 31-36, 39, 68-73, 84, 92-99 and 103-118, drawn to image filtering, classified in class 382, subclass 260.
 - V. Claims 77-83, drawn to classification, classified in class 382, subclass224.
 - VI. Claims 84, 100-102, drawn to halftoning, classified in class 358, subclass 3.06.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I - VI are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, inventions I - VI have separate utility such as compression, noise removal, edge enhancement, classification of images, etc. See MPEP § 806.05(d).

Application/Control Number: 09/658,393

Art Unit: 2624

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thomas D. Lee whose telephone number is (703) 305-4870. The examiner can normally be reached on Monday-Friday (7:30-5:00), alternate Fridays off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David K. Moore can be reached on (703) 308-7452. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
